About the University

Calorx Teachers' University was established in 2009 with a strong commitment towards excellence in research and innovative practices in higher education. CTU is a State Private University established by State Legislature of Gujarat Act No.8 of Year 2009. The core of the University is an incessant quest for diversity of practices and creating scholars with global standards and skills.

CTU has a distinguished record in the field of Education. The University envisages developing a genre of multifaceted professionals, who will not only excel in their fields but also facilitate, counsel, empathize and guide the future generations of the country by using the latest technology innovatively and creatively. CTU has been networking with temples of learning, both in India and abroad, to train professionals par excellence. In the short time span since its inception, CTU has maintained high academic standards. It is CTU's constant endeavor to create a talent pool of enlightened professionals, capable of revitalizing the education.

About the Conference

Education Liberates the intellect, unclocks the imagination and is fundamental for self-respect. It is the key to prosperity and opens a world of opportunities, making it possible for each of us to contribute to a progressive, healthy society. Learning benefits every human being and should be available to all. Education is one of the most powerful tools for reducing poverty and inequality.

The Conference aims at creating a platform for educators, Policy/Decision-maker, higher education leaders and partners engaged in the promotion of higher education to deliberate on issue pertinent to the enhancement of quality education of higher education in India & Abroad. The conference will address issues related to quality, accessibility and affordability of private higher education; Public-private partnership; entrepreneurship and employment as well the role of science, technology and innovation in education dissemination and employment creation. The conference is also expected to generate policy-relevant recommendations through various scientific research papers under different themes and sub-themes. It also provides opportunity for networking among researches, educators and leaders in higher education.

Therefore, Interested researchers, educators, policy/decision-makers and educational service providers with research, which falls within the theme of the Conference are cordially invited to register and send their papers within the specified deadlines.

Major Theme: Quality Education in Global Perspective.

Sub Themes of the Conference:

1. Global challenges for maintaining quality higher education in humanities, science, commerce, management, medical sciences, law, etc.
2. Role of Information and Communication Technology (ICT) in Quality Education.
3. Role of Physical Education in Quality enhancement for an institution.
4. Role of Extension activities (Seminar/Workshop/Symposium Etc.) to improve quality in education.

5. Innovative practices in imparting higher education.
6. Research & development for quality improvement in Higher education at global level.
7. Alternative resources for quality improvement in developing country.
8. Internationalization in higher education: Policies, Strategies and implications for skills development.
9. And other's deemed fit with the theme of the Conference.
